Re: Final Feasibility Study Report  
Remedial Investigation and Feasibility Study Activities  
Riverside Industrial Park Superfund Site - Essex County, Newark, New Jersey  
CERCLA Docket No. 02-2014-2011

Dear Dr. Smeraldi:

On behalf of PPG Industries, Inc. ("PPG"), Woodard & Curran, Inc. hereby provides an email with a link to download the Final Feasibility Study Report for the Riverside Industrial Park Superfund Site. This report is submitted in accordance with USEPA's June 25, 2020 email.

This report incorporates changes provided by USEPA on the June 8, 2020 Final Feasibility Study Report. Per USEPA's request, PPG has focused its review on the most salient concerns, as noted in the redline edits included therein. Comments have been included to provide context for the edits. Additionally, the accompanying letter provides additional details on metals in groundwater and associated groundwater alternatives.

Please contact Mr. Scott Krall, Project Coordinator, should you have any questions or concerns.

Respectfully submitted,  
WOODARD & CURRAN, INC.

Kenneth J. Bird, LSRP  
Vice President
